

## **SUMMARY OF APPLICATIONS AND ORDERS NEEDING A RESPONSE**

At present there are two separate strands of live planning applications and orders which need addressing:

The first is the Traffic Orders which are currently posted round the town centre and which will permit the closure of roads and the introduction of various restrictions or changes to circulation. **Deadline for comments: Thursday 21 July**

The second is the applications for renewals and extensions of time by Linden Homes. **Deadline for comments: as soon as possible but definitely by the end of July.**

This brief document is to guide you to more information and contacts.

These two applications are at the heart of the whole NRR plan. Radstock Action Group is opposed to both of them. Additionally, they appear to permit a slackening of requirements in relation to such issues as decontamination.

Linden Homes has submitted a one hundred page document which can be viewed, together with other documentation at:
